ASSOCIATION OF  
AUSTRALIA**

**CENTRE FOR INTEGRATED  
RESOURCE MANAGEMENT**

**Hosted by:**

*Department of the Environment and Heritage*

**Convened by:**

---

## **Be part of innovating the future.....**

*Recycled Organics is the term adopted to represent the wide range of organic waste materials for beneficial use purposes. Recycled Organics represents the paradigm shift from organics as a waste, to organics as a sustainable resource. These resources are produced by a wide range of unrelated industries resulting in a Recycled Organics Industry.*

*Sustainability is the buzzword when speaking about the environment. Recycled Organics has the potential to have a major impact on the sustainability of a range of processes and industries*

*Recycled organics are beneficial for conditioning soils and overcoming soil degradation and land management issues. Recent legislation regarding generation of renewable energy, reduction in greenhouse gas emissions, and carbon (C) credits represent new market opportunities for recycled organics. The fragmented nature of the Recycled Organics Industry requires development of cohesive partnerships between the various industry sectors to produce products that meet these emerging market demands.*

*Your input is essential to address issues such as:*

- *How can Recycled Organics be used for Greenhouse Gas abatement?*
- *How can Recycled Organics be used for land rehabilitation?*
- *What is the value of C in Recycled Organics?*
- *Should the C be used for land rehabilitation or for renewable energy generation?*
- *What are the investment opportunities in Recycled Organics?*
- *What new technologies exist and what technologies are transferable?*

*This forum provides the opportunity for delegates to present their issues and seek responses. The synergy developed through discussion and debate and democratic selection of outcomes will help produce a more cohesive industry.*

*Don't sit on the sidelines – active participation here is vital to everyone's future.*

## ***An Opportunity to be an Exhibitor.....***

Recycled Organics – Partnerships, Processes and Products is a three-day Conference and Technology Exposé is to be held at The University of Queensland, Gatton on 25<sup>th</sup> to 27<sup>th</sup> September, 2001. The conference will:

- facilitate business **partnerships** that will result in the development of the industry
- highlight a variety of **processes** for resource recovery and re-use
- identify **products** that will ensure the meeting of sustainable market requirements

Recycled Organics is a conference series to be held at the University of Queensland Gatton. The spacious Gatton campus in the heart of south-east Queensland's Lockyer Valley, just 40kms from Brisbane, presents the perfect venue for the Conference and the exposition of industry technology.

## ***Conference Aim.....***

The conference provides stakeholders in the Recycled Organics Industry with the powerful opportunity to develop products, processes and markets through collaboration and information exchange. It will bring together waste generators, equipment and technology suppliers, contractors, state agencies and end users to:

- exhibit technologies and services
- explore current and new market opportunities
- identify new processing technologies and new applications for existing technologies
- define long term industry objectives and policies
- establish tangible business research linkages

## ***Why Exhibit at this Event.....?***

This is a conference with a difference.....

It brings together stakeholders from a wide range of unrelated industry sectors and provides promotional and networking opportunities for developing partnerships, processes and products. Take the opportunity to maximize exposure of your company's expertise and services nationally and explore new market possibilities.

Exhibitors at the Conference and Technology Exposé are an integral part of the proceedings and are invited to participate in the discussion forums. Become involved in raising issues that impact on your business or agency.

An Industry Reference Manual will be created during the conference. This compilation of expert opinion, input and guidance from delegates will become of a major reference source for the industry. Submit your advertising material or technical data and become part of the Industry Reference Manual.

## ***Exhibition Location.....***

The conference village provides maximum exposure of exhibitor's products. The exhibitor's marquee will be a focal meeting point throughout the conference. It will be located in close proximity to meeting and accommodation areas and on the thoroughfare between the business and social areas of the conference. Many of the discussion forums will take place in and around the exhibition space.

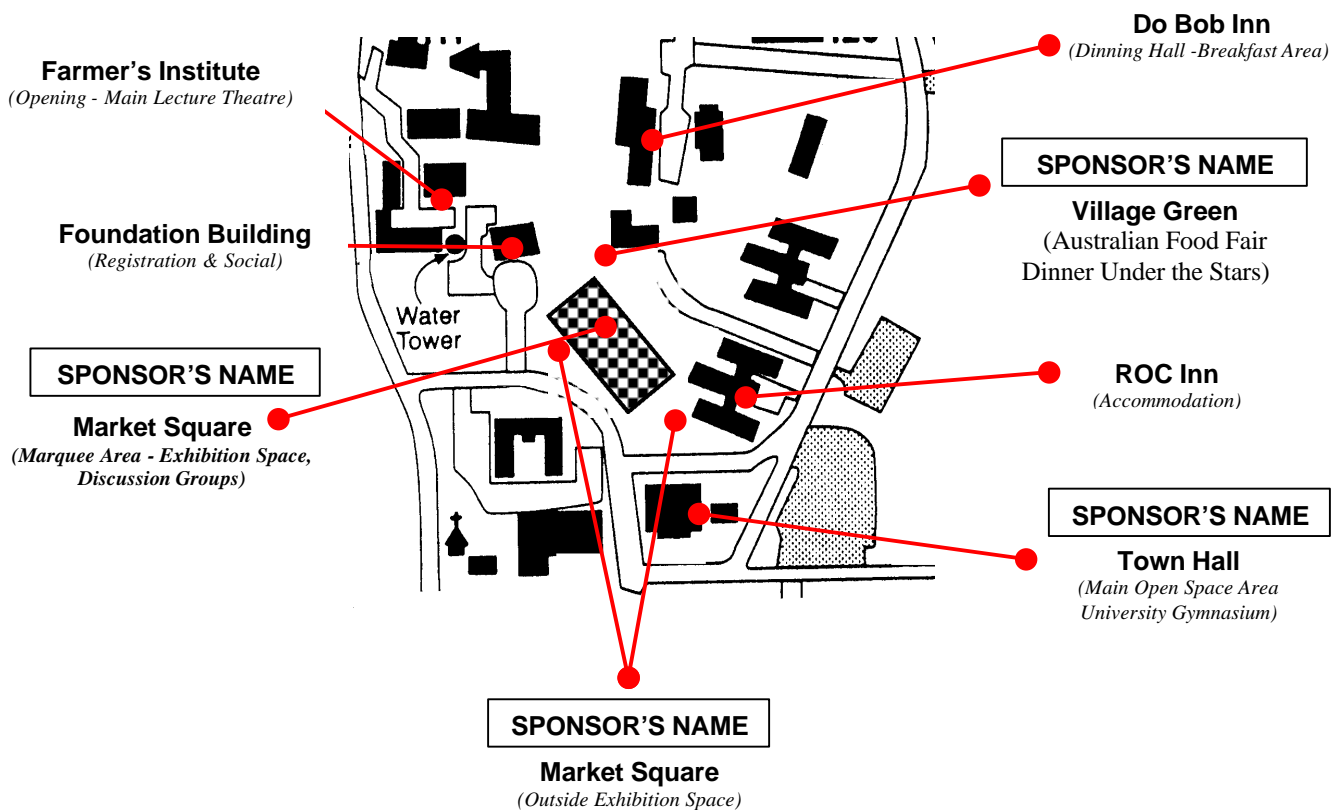

---

---

---

---

## The Conference Village.....

## Who will be there.....?

New processes have been developed in a range of unrelated industry sectors such as solid waste, water and waste water, agriculture, mining and energy, food processing which now have direct application to processing of organic wastes. These sectors currently have little or no opportunity for information and technology exchange.

The conference will be attended by a vast variety of representatives including:

- the energy sector
- consultants
- local government authorities
- contractors
- technology developers and providers
- equipment manufacturers and suppliers
- academics
- agro-industry groups
- food manufacturers
- horticulturalists
- mining industry specialists
- fertiliser spreaders
- farmers and graziers
- green and organic resource generators

Industry sectors will include:

- solid waste
  - water and wastewater
  - agriculture
  - horticulture and landscaping
  - energy
  - intensive animal industries
  - food processors
  - local and state government agencies
- 
-

---

---

## ***Opportunities for New Markets.....***

Many new and exciting market opportunities have emerged in the Recycled Organics Industry. These include:

- renewable energy generation
- carbon credits and greenhouse challenge
- acid soil amelioration
- rehabilitation of sodic and saline soils
- restoration of humus in agricultural soils
- plant disease suppression
- soil rehabilitation
- animal feedstocks
- composted products

## ***Forum Issues.....***

The Conference is based on forum issues raised by the delegates. Forum issues can be posted on the conference website ([www.recycledorganics.com.au](http://www.recycledorganics.com.au)) and regularly updated. The forum continues at the conference as delegates further develop issues, define outcomes and develop directions for the future.

## ***Key Benefits for the Industry.....***

- Integration of technologies, skills, and information exchange from stakeholders across a range of diverse industries to promote sustainable environmental outcomes.
- The integration of input from diverse industries such as water, solid waste, energy, agriculture, mining which traditionally do not have the opportunity to exchange information in a multi-disciplinary forum.
- The formulation of Organic Waste Strategies based on long term, environmentally sustainable markets.
- A forum for Environmental Agencies to have strategic input to add value to the industry.
- The development of environmental capital by stimulating re-use of key resources from organic wastes.
- The establishment of a networking mechanism between technology provision, industry development and employment opportunities across a wide range of industries.

## ***Outcomes.....***

The synergy developed during this conference will develop outcomes to facilitate a cohesive and dynamic industry. The outcomes from the 1<sup>st</sup> National Recycled Organics Conference at Coolool in 1999 have been adopted and form the basis of industry development. The outcomes included:

- New national vision for the Recycled Organics Industry to a market-driven, rather than regulatory-driven industry
  - Sustainable markets
  - Extended Producer Responsibility (EPR)
  - Community/Stakeholder Acceptance
  - Research and Development actions
  - National Organisation for the Recycled Organics Industry
- 
-

---

---

## ***Exhibition Booth / Space Cost.....***

You have the choice of either a booth in the exhibition marquee or an outside adjacent space for larger equipment. The cost of each option is:

Booth	\$2,200 ( <i>incl. GST</i> )
Outside Space	\$1,650 ( <i>incl. GST</i> )

Your investment includes:

### *Booth*

- 3m x 3m conference booth with track lighting, power point and fascia area for your company sign
- one complementary registration
- advertisement on conference website or link to own website
- advertisement in official conference published reference manual
- acknowledgement in conference brochure, papers and website (*when participation confirmed and monies received by organisers*)
- one piece of promotional material included in the conference satchel

### *Shared Booth Space*

Smaller exhibitors are encouraged to collaborate in sharing a booth. Each booth is entitled to one complementary registration but all exhibitors within that booth receive the same publicity opportunities as a single booth exhibitor.

### *Outside Space*

- Outside area (size negotiable)
  - One complementary registration
  - advertisement on conference website or link to own website
  - advertisement in official conference published reference manual
  - acknowledgement in conference brochure, papers and website (*when participation confirmed and monies received by organisers*)
  - one piece of promotional material included in the conference satchel
-

## EVENT DETAILS

**Location:** The University of Queensland, Gatton, Qld

**Duration:** 25-27 September 2001

### Bookings

Reservations for sponsorships and exhibition space will only be accepted on the application form with full payment. A floor plan will be faxed to confirmed bookings for choice of booth. Sponsorship and booths will be allocated in order of receipt.

### Build-up and Break-down

Access to the venue for exhibitor move-in will be available 24 September until 6.00pm. All move-out must be completed by 8.00pm, September 27.

### Management

The organisers will provide an Exhibition Information Kit to all exhibitors upon receipt of payment. The kit will contain full information and forms to assist sponsors and exhibitors to make the most of their participation.

## TERMS AND CONDITIONS

The Organisers, Recycled Organics and Recycled Organics Consortium and their designated servants or agents, reserve the right to alter or add to these Rules and Regulations as may be necessary for compliance with any laws or with any directions given by the Owner/Lessor of the venue, and generally for the efficient running of the event.

1. The 'Exhibitor' and 'Sponsor' includes all employees and/or Agents of any company, partnership or individual participating as an exhibitor or sponsor, and the term "Event" shall mean *Recycled Organics – Partnerships, Processes & Products* conference.

2. The Exhibitor or Sponsor agrees to comply with all directions and legal requirements of all Government bodies and with these Rules and Regulations during the duration of the Event.

3. Allocation of space to an Exhibitor, which will then constitute a licence to exhibit and not a tenancy, will allow acceptance of an Exhibitor's application. The Organisers have the reserved right to accept or decline any application to exhibit.

4. The Organisers reserve the right at any time to alter the size, shape or position of the floor plan as may be necessary for the best interests of the Event. A cost adjustment will be made to any Exhibitor in the event of reduction of their display space.

5. Exhibits and promotion of products and services must fall within the scope of the Event.

6. Bookings will be confirmed upon receipt of full payment. The Organisers reserve the right to re-sell any unconfirmed sponsorships or exhibition space.

7. Cancellations: If the Organisers agree to release the Exhibitor or Sponsor from their obligations under the Agreement in exceptional circumstances, then in that event the Exhibitor or Sponsor will be liable to pay 50% of all monies due under this Agreement. This special proviso will lapse if less than eight weeks remain before the opening of the Event and the space is not re-sold, where upon all monies due from the Exhibitor/Sponsor to the Organisers shall be retained in full.

8. The contractual price (unless otherwise stated by the Organisers) does not include the following:

- Connections for electricity, water, telephones, gas, waste, compressed air, etc.
- Insurance
- Loading and handling equipment and staff
- Dressing of stand and furniture
- Stamp Duty levied on this Agreement
- Advertising catalogue, handbills or fliers
- Cleaning of exhibits

Where required by the Lessor/Owner of the Event site electrical installation, water and gas supply and plumbing connections will be carried out at the cost of the Exhibitor.

9. The design of all stands and exhibits and their weight or character is subject to the prior approval of the Organisers. Their construction, erection and dismantling shall be carried out under the supervision of and subject to conditions laid down by the Organisers. Any stand considered not to be in the best interests of the Event may be removed or altered by the Organisers at the expense of the Exhibitor.

10. All plant, machinery and exhibits must comply with statutory requirements as to health and safety. No article of a dangerous nature shall be taken into the Event except with the Organisers prior written approval.

12. The Exhibitor is at all times during the Event:

- a) Required to keep their stand open to view and properly staffed by competent representatives.
- b) Responsible for the maintenance of their stand and display space in a clean and tidy condition.
- c) Required to conduct any business only from their display space and to keep passageways in front of their display space free from obstruction.
- d) Prohibited from disposing of or parting with stock on display for cash payment (including food, drink, tobacco or promotional aids), unless prior written consent is obtained from the Organisers.
- e) Prohibited from holding or allowing to be held at auction, lottery, game of chance or sideshow.
- f) Prohibited from sublicensing, sharing or parting with possession of their display space unless in the case of a Shared Site.
- g) Prohibited from engaging outside contractors or himself employing persons not being financial members of the appropriate union for the purpose of any construction or demolition work on the Exhibitor's stand or Event site.
- h) Prohibited from operating any type of machinery or equipment at a sound level which, in the Organisers sole opinion because of its loudness, is likely to cause nuisance or annoyance to neighbouring Exhibitors or visitors.
- i) Prohibited from doing anything which, in the opinion of the Organisers, may bring discredit upon the Event.

13. The Exhibitor or Sponsor undertakes to have their display space ready, with all exhibits available for display and completed by the time specified by the Organisers preceding the opening of the Event.

#### 14. a) Third Party Claims-(Public Liability)

The Exhibitor or Sponsor is responsible for all personal injury or damage to property arising in connection with the Exhibitor's display area howsoever caused directly or indirectly by them or any contractor, sub-contractor, servant or any agent, licensee or invitee of theirs or any act of omission of any such person or by any exhibit, machinery or other article of theirs in the possession of or use of theirs or any servant or any agent, of theirs or (if erected by the Exhibitor or contractor by his or his workmen or agents) by the standfitting contractor. The exhibitor will indemnify the Organisers in respect of each and every such claim and all actions, proceedings, costs, claims and demands in respect thereof.

The Exhibitor must take out adequate insurance in respect of all such claims and produce the premium receipts on demand.

b) Responsibility for the Personal Injury and Damage to Property (Employers Liability)  
The Organisers shall be under no liability for personal injury to the Exhibitor or their servants or agents, invitees or licensees howsoever caused nor for the loss of or damage to exhibits or other property of the Exhibitor, their servants, agents, invitees, or licensees howsoever caused. The Exhibitor is accordingly advised to take out all necessary insurances.

15. Advertisements and printed matter are subject to the approval of the Organisers, who also reserve all photographic rights to the Event.

16. If the holding of the Event or the supply of any services by the Organisers is prevented, postponed or abandoned by reasons of fire, storm, lightning, national emergency, labour dispute, strike, lockout, civil disturbance, explosion, inevitable accident or any cause not within the control of the Organisers whether of the same sort or not, or the Event site becomes wholly or partially unavailable for the holding of the Event, the Organisers may at their entire discretion, return part of the costs of space paid by the Exhibitor or Sponsor. In such case, the Organisers shall not be liable in any way whatsoever for any expenditure or liability or loss including consequential loss incurred by the Exhibitor.

17. Following acceptance by the Organisers of the Exhibitor's application for sponsorship or display space, should the Exhibitor or Sponsor be then unable or unwilling to perform their part of the Agreement or fail to comply with these Rules and Regulations, or otherwise breach the Agreement, the Organisers may terminate the Agreement by written notice to the Exhibitor or Sponsor and may retain a percentage of the payment received as liquidated damages in reimbursement of management costs and other fees and expenses incurred by the Organisers. The Exhibitor or Sponsor shall thereafter be prohibited from occupying their display space and stand and shall immediately remove the exhibits from the Event site in accordance with the Organiser's directions. Alternatively, the Organisers may do so at the Exhibitor's or Sponsor's cost and dispatch such exhibits to the address stated on the Exhibitor's application form.

18. All exhibits are subject to a general lien in favour of the Organisers for all sums, whether for unpaid costs of space or otherwise, due from the Exhibitor or Sponsor to the Organisers.

19. The Exhibitor Information Kit sent to all Exhibitors in advance of the Event dates shall be as binding on the Exhibitor as if its provisions were contained in these contractual details insofar as they may be applicable.

20. Verbal agreements shall be valid only after written confirmation.
